## Incoming Tours

With incoming teams from anywhere, we (WRU) would need to see proof of the following;

1. That the National Governing Body of the incoming clubs country has granted official permission for their tour.
2. That the incoming team will play in accordance with the WRU Pathway.
3. The age of the players will co-respond with the host team.
4. The players are registered to their respective NGB in accordance to their administration governance.
5. Where the team are staying (just in case of problems)
6. That they will be insured by their NGB re Death and Permanent Total Disability and for Medical expenses.

The responsibility of the above is dependent on the incoming Club to liaise with the hosting club here in Wales and in turn for the hosting club to provide the stipulated information to myself.
